

IN THE CLAIM

Please cancel Claims 1 to 4, without prejudice or disclaimer of the subject matter thereof, and add new claim 5. The added new claim 5 is based on the original claims 3 and 4. Thereby, it is assured that the new claims are based on the original claim and specification and thus no new matter is added. The relation of the new claims with respect to the original claims are shown in the following REMARK, Examiners can read the claims more easily from the REMARK.

**LIST OF CLAIMS:**

Claims 1 to 4 (Cancelled)

Claim 5. (New) A silicone-rubber plate used in an oven, said plate comprising at least two pairs of upper ears and of lower ears provided on an outer vertical circumferential surface, each said upper and lower ear having a through hole; said plate further having at least two support bars crossing each other at approximate middle sections thereof, said support bars propping a lower side of said plate and having its two ends inserted securely in said through holes of said upper and said lower ears; said plate not disfiguring so as to maintain intact its flat shape and to prevent soup therein from overflowing and baked food placed on said plate possible to be kept intact and also prevented from falling off said disc oven when a user holds up said plate; and

wherein each said support bar is U-shaped, having a support area for propping a lower side of said plate and two combining ends provided respectively with a recess in the intermediate section wherein in assembly, the recess is located between the upper ear and the lower ear.
